

Senate Committee on Education Interim Charge

Committee Requests

I. Definition of Multiple Disabilities

Code of Federal Regulations (CFR) §300.8 Child with a disability

(c) *Definitions of disability terms.* The terms used in this definition of a child with a disability are defined as follows:

(7) *Multiple disabilities* means concomitant impairments (such as mental retardation-blindness or mental retardation-orthopedic impairment), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. Multiple disabilities does not include deaf-blindness.

Texas Administrative Code §89.1040 Eligibility Criteria

(c) Eligibility definitions.

(6) Multiple disabilities.

(A) A student with multiple disabilities is one who has been determined to meet the criteria for multiple disabilities as stated in 34 CFR, §300.8(c)(7). In meeting the criteria stated in 34 CFR, §300.8(c)(7), a student with multiple disabilities is one who has a combination of disabilities defined in this section and who meets all of the following conditions:

- (i) the student's disability is expected to continue indefinitely; and
- (ii) the disabilities severely impair performance in two or more of the following areas:
 - (I) psychomotor skills;
 - (II) self-care skills;
 - (III) communication;
 - (IV) social and emotional development; or
 - (V) cognition.

(B) Students who have more than one of the disabilities defined in this section but who do not meet the criteria in subparagraph (A) of this paragraph shall not be classified or reported as having multiple disabilities.

II. Number of Students Meeting Mental Retardation Eligibility Criteria

- Primary disability: 28,283 (5.94% of all students with disabilities)
- Secondary disability: 4,783
- Tertiary disability: 906

Source: 2007-08 Public Education Information Management System Fall Snapshot

III. Students Residing in Nursing Homes

The following data reflect the number of children (under age 22) residing in a nursing facility at the end of each fiscal year (and mid year for fiscal year 08). These are aggregate data for the state:

Year	Data collection date	# of students
FY 02	Aug 02 data	234
FY 03	Aug 03 data	216
FY 04	Aug 04 data	215
FY 05	Aug 05 data	207
FY 06	Aug 06 data	168
FY 07	Aug 07 data	131
FY 08	Feb 08 data	112*

* partial-year data (Aug 07 – Feb 08)

Source: data supplied by the Health and Human Services Commission/Department of Aging and Disability Service; a downward trend in data is noteworthy; annual data specifically regarding children no longer residing in nursing homes is unavailable.

IV. Number of Students with or without disabilities sent to Alternative Education Program (AEP)

(See attachment IV)

The data in the attachment reflects the number of incidents and is a duplicative count.

V. Discipline Support Services Description and Number of Students with and without disabilities in mandatory versus discretionary placement

(See Attachment V)

The data in the attachment reflects the number of incidents and is a duplicative count.

Under the Individuals with Disabilities Education Act (IDEA 2004), a free appropriate public education (FAPE) must be made available to all children with disabilities between the ages of 3 and 21, inclusive, including children who have been suspended or expelled from school, as provided in 34 CFR §300.530(d). Therefore, students with disabilities removed from their current placements through suspension or expulsion must continue to receive educational services so as to enable them to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting their Individualized Education Program (IEP) goals.

Discipline Procedures

§300.530 Authority of school personnel.

(d) Services.

- (1) A child with a disability who is removed from the child's current placement pursuant to paragraphs (c), or (g) of this section must—
 - (i) Continue to receive educational services, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and
 - (ii) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
- (2) The services required by paragraph (d)(1), (d)(3), (d)(4), and (d)(5) of this section may be provided in an interim alternative educational setting.
- (3) A public agency is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.
- (4) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, if the current removal is for not more than 10 consecutive school days and is not a change of placement under § 300.536, school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed, as provided in § 300.101(a), so as to enable the child to continue to

participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

- (5) If the removal is a change of placement under § 300.536, the child's IEP Team determines appropriate services under paragraph (d)(1) of this section

§37.004. Placement of Students with Disabilities

- (a) The placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal committee.
- (b) Any disciplinary action regarding a student with a disability who receives special education services that would constitute a change in placement under federal law may be taken only after the student's admission, review, and dismissal committee conducts a manifestation determination review under 20 U.S.C. Section 1415(k)(4) and its subsequent amendments. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations, including laws or regulations requiring the provision of:
- (1) functional behavioral assessments;
 - (2) positive behavioral interventions, strategies, and supports;
 - (3) behavioral intervention plans; and
 - (4) the manifestation determination review.
- (c) A student with a disability who receives special education services may not be placed in alternative education programs solely for educational purposes.
- (d) A teacher in an alternative education program under Section 37.008 who has a special education assignment must hold an appropriate certificate or permit for that assignment.

VI. Special Education by Instructional Arrangement

(See Attachment VI)

VII. Special Education Students Population by District Type

(See Attachment VII)

District Type Classifications 2006-07

Major Urban (10). A district is classified as major urban if: (a) it is located in a county with a population of at least 725,000; (b) its enrollment is the largest in the county or at least 75 percent of the largest district enrollment in the county; and (c) at least 35 percent of enrolled students are economically disadvantaged. A student is reported as economically disadvantaged if he or she is:

- eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program;
- from a family with annual income at or below the federal poverty line;
- eligible for Temporary Assistance to Needy Families or other public assistance;
- a recipient of a Pell Grant or comparable state program of need-based financial assistance;
- eligible for programs assisted under Title II of the Job Training Partnership Act; or
- eligible for benefits under the Food Stamp Act of 1977.

Austin ISD (227901) is in Travis County, which has a population of 943,726. Austin ISD's enrollment of 81,917 students is the largest enrollment in the county, and at least 35 percent of the enrolled students are economically disadvantaged.

Major Suburban (78). A district is classified as major suburban if: (a) it does not meet the criteria for classification as major urban; (b) it is contiguous to a major urban district; and (c) its enrollment is at least three percent that of the contiguous major urban district or at least 4,500 students. A district also is classified as major suburban if: (a) it does not meet the criteria for classification as major urban; (b) it is not contiguous to a major urban district; (c) it is located in the same county as a major urban district; and (d) its enrollment is at least 15 percent that of the nearest major urban district in the county or at least 4,500 students.

Castleberry ISD (220917) is in Tarrant County, which has a population of 1,690,517, but it does not meet the criteria for classification as major urban. Castleberry ISD is contiguous to Fort Worth ISD, a major urban district, and its enrollment of 3,322 students is greater than 3 percent that of Fort Worth ISD.

Goose Creek CISD (101911) is in Harris County, which has a population of 3,899,122 and contains at least one district classified as major urban. Goose Creek

CISD does not meet the criteria for classification as major urban, nor is it contiguous to a major urban district. Although Goose Creek CISD's enrollment of 20,157 students is less than 15 percent that of Houston ISD, the nearest major urban district in Harris County, it exceeds 4,500 students.

Other Central City (40). A district is classified as other central city if: (a) it does not meet the criteria for classification in either of the previous subcategories; (b) it is not contiguous to a major urban district; (c) it is located in a county with a population of between 100,000 and 724,999; and (d) its enrollment is the largest in the county or at least 75 percent of the largest district enrollment in the county.

Brownsville ISD (031901) is in Cameron County, which has a population of 395,161. Brownsville ISD does not meet the criteria for classification in either of the previous subcategories, and it is not contiguous to a major urban district. Brownsville ISD's enrollment of 48,284 students is the largest in the county.

McAllen ISD (108906) is in Hidalgo County, which has a population of 723,433. McAllen ISD does not meet the criteria for classification in either of the previous subcategories, and it is not contiguous to a major urban district. Although McAllen ISD's enrollment of 24,558 students is not the largest in the county, it is greater than 75 percent of the largest district enrollment in the county.

Other Central City Suburban (152). A district is classified as other central city suburban if: (a) it does not meet the criteria for classification in any of the previous subcategories; (b) it is located in a county with a population of between 100,000 and 724,999; and (c) its enrollment is at least 15 percent of the largest district enrollment in the county. A district also is other central city suburban if: (a) it does not meet the criteria for classification in any of the previous subcategories; (b) it is contiguous to an other central city district; (c) its enrollment is greater than three percent that of the contiguous other central city district; and (d) its enrollment exceeds the median district enrollment of 743 students for the state.

Harlingen CISD (031903) is in Cameron County, which has a population of 395,161. Harlingen CISD does not meet the criteria for classification in any of the previous subcategories. Its enrollment of 17,608 students is greater than 15 percent of the largest district enrollment in the county.

Port Arthur ISD (123907) is in Jefferson County, which has a population of 245,277. Port Arthur ISD does not meet the criteria for classification in any of the previous subcategories. Port Arthur ISD is contiguous to Beaumont ISD, an other central city district that also is the largest district in the county. Port Arthur ISD's enrollment of 9,263 students is greater than 3 percent that of Beaumont ISD and exceeds the median district enrollment for the state of 743 students.

Independent Town (70). A district is classified as independent town if: (a) it does not meet the criteria for classification in any of the previous subcategories; (b) it is located in a county with a population of 25,000 to 99,999; and (c) its enrollment is the largest in the county or greater than 75 percent of the largest district enrollment in the county.

Victoria ISD (235902) is in Victoria County, which has a population of 86,756. Victoria ISD does not meet the criteria for classification in any of the previous subcategories. Its enrollment of 13,745 students is the largest in the county.

Winnsboro ISD (250907) is in Wood County, which has a population of 42,559. Winnsboro ISD does not meet the criteria for classification in any of the previous subcategories. Its enrollment of 1,443 students is greater than 75 percent of the largest district enrollment in the county

Non-Metropolitan: Fast Growing (22). A district is classified as non-metropolitan: fast growing if: (a) it does not meet the criteria for classification in any of the previous subcategories; (b) it has an enrollment of at least 300 students; and (c) its enrollment has increased by at least 20 percent over the past five years.

China Spring ISD (161920) is in McLennan County, which has a population of 225,027. China Spring ISD does not meet the criteria for classification in any of the previous subcategories. China Spring ISD has an enrollment of 2,068 students, and its enrollment has increased by more than 20 percent over the past five years.

Non-Metropolitan: Stable (229). A district is classified as non-metropolitan: stable if: (a) it does not meet the criteria for classification in any of the previous subcategories; and (b) its enrollment exceeds the median district enrollment for the state.

Snyder ISD (208902) is in Scurry County, which has a population of 15,886. Snyder ISD does not meet the criteria for classification in any of the previous subcategories. Its enrollment of 2,590 students exceeds the median district enrollment for the state of 743 students.

Rural (430). A district is classified as rural if it does not meet the criteria for classification in any of the previous subcategories. A rural district has either: (a) an enrollment of between 300 and the median district enrollment for the state and an enrollment growth rate over the past five years of less than 20 percent; or (b) an enrollment of less than 300 students.

Valley View ISD (049903) is in Cooke County, which has a population of 40,372. Valley View ISD has an enrollment of 669 students and an enrollment growth rate over the past five years of less than 20 percent.

Dew ISD (081906) is in Freestone County, which has a population of 19,551. Although Dew ISD has an enrollment growth rate over the past five years of more than 20 percent, its current enrollment is only 157 students.

Charter School Districts (191). Charter school districts are open-enrollment school districts chartered by the State Board of Education. Established by the Texas Legislature in 1995 to promote local initiative, charter school districts are subject to fewer regulations than other public school districts. Generally, charter school districts are subject to laws and rules that ensure fiscal and academic accountability but that do not unduly regulate instructional methods or pedagogical innovation. Like other public school districts, charter school districts are monitored and accredited under the statewide testing and accountability system. George I.

Sanchez Charter School (101804) is in Harris County, which has a population of 3,899,122, and the charter district has an enrollment of 590 students

VIII. Dispute Resolution Data by State, Senatorial District, and School District

(See Attachment VIII)

The Texas Education Agency provides three dispute resolution services to resolve conflicts between parents or third parties and local education agencies (LEAs). The following tables provide information for formal complaints, mediation sessions, and due process hearings that were filed and completed in Texas during the fiscal year 2006-07. The data are aggregated at the state level and then disaggregated by senatorial district and LEA.

Some LEAs are located geographically in more than one senatorial district. In order to provide accurate data for each senatorial district, these LEAs appear in each senatorial district in which they at least partially reside. In the state-level totals, however, each LEA is counted only once. LEAs having no state-level, dispute resolution data for FY 2006-07 are omitted from the respective senatorial district data.

Complaints resolution data are compiled in the table below highlighted in yellow. The mediation session data are compiled in the table highlighted in green, and the due process hearing data are highlighted in blue. The state and senatorial district totals are included at the bottom of each table for reference.

Column 1(a) represents the total number of written special education complaints filed by parents or third parties against LEAs during FY 2006-07. Percentages are provided for comparison to state and senatorial district totals. Columns 1(b) and 1(c) are based on the total number of complaints filed [1(a)]. In the complaints table, columns 1(e), 1(f), 1(h), and 1(i) percentages are based on the complaints that were investigated [1(d)]. Percentages in columns 1(d) and 1(g) are based on the total number of complaints that met federal requirements and thus, were eligible to investigate [1(c)]. Column 1(g) is the total number of eligible complaints that were placed in abeyance pending due process hearings or federal guidance. Column 2(a) represents the total number of requests for special education mediations by parents and LEAs during the FY 2006-07. The percentage of sessions held [2(b)] is based on the total requests [2(a)] while the percentage of agreements is based on the total sessions held [2(b)].

Column 3(a) represents the total requests for special education due process hearings (DPH) filed during the FY 2006-07. The percentage in column 3(b) is based on the total DPH requests filed [3(a)] and represents the total requests that were either dismissed without merit or due to resolution agreement. Column 3(c) represents the total number of hearings that were completed with a decision by the hearing officer. The percentage in column 3(c) is based on the total number of hearing requests filed [3(a)]. Column 3(d) represents the total number of decisions ordered against the LEA and the percentage in this column is based on the total hearings adjudicated [3(c)]. Percentages in columns 3(e) and 3(f) are both based on the total number of hearings adjudicated [3(c)]

The data source for 2006-2007 dispute resolution tables is the Texas Education Agency's Special Education Correspondence and Dispute Resolution Management System (CDRMS).

IX. Post School Results

The importance of measuring post school outcomes has been a priority in Texas for several years. In 1990, the TEA began a Special Education Effectiveness Study. The coordination of this project was decentralized to Education Service Center (ESC) Region 11 in 1995.

The following data were taken from the survey conducted by ESC 11 in the spring of 2008. A random stratified sample of students with disabilities who graduated in 2006 were identified to respond to the survey.

The % of youth who had IEPs and were no longer in secondary school, and had been competitively employed or enrolled in postsecondary school or both, within one year of leaving high school: 82%.

Enrolled & Employed	536	39%
Enrolled	206	15%
Employed	389	28%
Neither	250	18%
Total	1381	100%

Since leaving high school, most respondents (39%) have been both enrolled in post secondary training, technical school, community college or university and been competitively employed. The second most common situation, representing 28% of respondents, includes not being enrolled but being employed. Eighteen percent reported they were neither enrolled nor employed and 15% reported they were enrolled but not employed. It is clear that more respondents have been employed (67%), regardless of their enrollment status. Fifty-four percent have been enrolled in postsecondary training, technical school, community college or university, regardless of their employment status.

Of the respondents that worked/work, the overwhelming majority report being employed by the community. Most respondents who have been employed worked/work at least 35 hours a week and were/are paid minimum wage. When the respondents who were/are not employed were asked why they have not been or are not employed, 83% reported, "Don't know."

After high school, the majority of respondents who enrolled in school entered a 2-year community college and were/are enrolled full-time. Just over 26% of respondents contacted the disability services department. Seventeen percent of respondents contacted an adult service agency, the most common being the Department of Assistive and Rehabilitative Services.

Eighty-three percent of respondents live with their parents or guardian and 12% live in an apartment or house alone. Sixty percent report having health insurance or having a driver's license – each being exclusive of the other. Nearly two-thirds of respondents are actively using bank services. The most common activities include spending time with friends, watching TV, using the computer, or exercising.

X. Assistive Technology (AT): Requirements to Allow Students to Take Equipment Home

The ARD committee must consider whether the student needs AT in the home as part of the IEP. (Refer to CFR §300.105 below)

Districts should have guidelines in place regarding information for parents that addresses the following:

- parent responsibilities for proper use and maintenance of AT;
- how parents report problems and concerns; and
- how parents use AT to support instruction

Challenges/Concerns for districts

- Training parents in proper care and use of equipment;
- Supervision when using equipment at home;
- Parents request different technology applications for home use;
- Liability for loss/damage; and
- Timely delivery of accessible instructional material

§300.105 Assistive Technology.

- (a) Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in §§300.5 and 300.6, respectively, are made available to a child with a disability if required as a part of the child's—
- (1) Special education under § 300.36;
 - (2) Related services under § 300.34; or
 - (3) Supplementary aids and services under §§ 300.38 and 300.114(a)(2)(ii).
- (b) On a case-by-case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the child's IEP Team determines that the child needs access to those devices in order to receive FAPE.
